

17 July 2017

OH&SPC CIRCULAR NO. 36/17

(For consideration)

Synopsis: *A request for the OH&SPC members to comment on the revised Draft SAMRASS Codebook and Forms*

DRAFT SAMRASS CODEBOOK AND FORMS

At the special MRAC meeting on 14 July 2017 it was reported that the SAMRASS Task Team had completed its task of reviewing the SAMRASS Codebook and associated forms. MRAC was requested to approve that the draft Codebook and Forms be circulated to stakeholders for commenting. MRAC approved the Task Team's request.

Attached to this circular are the following documents:

- a. The draft SAMRASS Codebook with tracked changes for ease of reference in commenting (Attachment 1).
- b. The draft Codebook with accepted changes, i.e. the cleaner version of the document (Attachment 2).
- c. A folder of SAMRASS Forms (Attachment 3)

MRAC agreed that commenting should be done in a structured manner through MRAC convenors therefore any comments received through any other channel will not be considered. All comments on the draft explosives regulations **must be forwarded to the undersigned for control purposes. Commenting should be completed by 21 August 2017.** The OH&SPC is requested to ensure that the attached draft documents are circulated to the relevant company constituencies to ensure widespread commenting. OH&SPC members are requested to ensure that the SAMRASS Task Team members in their companies review the documents and comment as necessary.
