

ENVIRONMENTAL TALK

National Environmental Education Week

14 to 20 April 2025

Environmental Education helps people understand how their decisions and actions affect the environment, builds knowledge and skills necessary to address complex environmental issues, as well as ways we can take action to keep our environment healthy and sustainable for the future.

Herewith an April Calendar you can circulate to communities, schools, or any public area close to the mine to educate them on how to positively impact the environment.

To ensure sustainability

Avoidance of the depletion of natural resources in order to maintain an ecological balance.
